Detailed Action

The amendment filed on 11-28-2003 has been entered.

Claims Objection

Claims 8 and 9 are objected to because of the following informalities:

- (1) In claim 8, lines 6, 10 and 11, "cutter link" should read --the cutter link--.
- (2) In claim 8, line 14, "the kerf cut" should read --a kerf cut--.
- (3) In claim 9, line 2, "for get" should read --for getting--.

Appropriate correction is required.

Claims Rejection - 35 U.S.C. 112, second paragraph

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 8 and 9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

(1) In claim 8, the scope of the invention is vague and indefinite. While the preamble calls for a method for forming a saw chain, there are no method steps cited to

reflect how the saw chain is formed. It is suggested the preamble of claim 8 be amended to call for --A saw chain-- rather than "A method for forming a saw chain".

(2) In claim 8, line 9, "the rocker" lacks clear antecedent basis. The phrase should read --the rocker portion--.

(3) In claim 9, it is not clear what the claimed invention is directed to. It is suggested the preamble of claim 9 be changed to --The saw chain as defined in claim 8, wherein each drive link--.

Indication of Allowable Subject Matter

Claims 8 and 9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
